## Showcase

I am starting a new feature this month. It will be a photographic showcase of anything aeronautical – the beauty of flight, unusual aircraft, history – you name it. If you have pictures that you would like to show, send them to me. They can be either prints or slides as well as digital; I can scan them for you. This month features one of my favorites. It was taken several years ago by Gerry Hatch of Leon York's RV-6 as they left Ducote early one morning.
